Tenure Track Positions in Algebra and Related Areas

Positions: Two tenure-track Assistant Professor positions in Algebra or Related Areas in the Department of Mathematics, University of Nebraska-Lincoln.

Qualifications: The successful candidate should have a Ph.D. in mathematics and a demonstrated potential for excellence in research and teaching. Preference will be given to applicants who work in fields of algebra and related areas that complement and extend the strengths of the Department; these include, but are not limited to, Algebraic Geometry, Commutative Algebra, Geometric Group Theory, K-Theory, and Operator Algebras. Applications from people with prior postdoctoral experience, as well as from entry-level people are encouraged.

Starting Date: August 2015

First Review: Review of applications will begin November 10, 2014 and continue until suitable candidates have been selected.

Duties/Responsibilities: Teaching responsibilities include graduate and undergraduate courses in mathematics. The ideal candidates will be able to establish a strong, independent research program in algebra or a related area. More information may be found http://www.math.unl.edu/department/jobs.

Salary/Benefits: A competitive starting salary will be negotiated. UNL makes available life, health, and long-term disability insurance programs as well as family coverage at reasonable group rates to the employee. TIAA/CREF and/or Fidelity Investment Fund are offered for retirement plans.

Applications: Applicants should submit a letter of application, a CV, separate statements addressing research and teaching, and at least three letters of reference, at least one of which should address teaching. Applicants are encouraged to use the AMS application cover sheet and to submit their applications via mathjobs.org. If using mathjobs.org is not possible, hard copies may be sent to:
