

## Assistant Professor of Practice in Mathematics

- Position:** One Professor of Practice position, at the Assistant Professor level, in the Department of Mathematics, University of Nebraska-Lincoln.
- Qualifications:** The successful candidate will have a doctorate in mathematics or a closely related field (including mathematics education). Moreover, he or she should be an outstanding teacher with a commitment to the scholarship of teaching at the collegiate level. Experience and expertise in leading professional development activities, supervising instructors, instructional technology or curriculum development is preferred.
- Starting Date:** August 2018
- First Review:** Review of applications will begin December 1, 2017, and continue until a suitable candidate has been selected.
- Duties/Responsibilities:** The successful candidate will be expected to assume a leadership role with respect to the department's first-year mathematics program through the calculus, ensuring both the quality of the department's offerings and the professional development of graduate teaching assistants. In addition to being an excellent teacher, the successful candidate will be ready to make significant contributions in one or more of the following areas: selection or development of curriculum materials; implementation and oversight of instructional technology such as WeBWorK; supervision and mentorship of GTAs; development of online courses; support of the department's programs for K-12 teachers and activities related to the scholarship of teaching. Department service duties will typically be connected to the faculty member's instructional work.
- The appointment is term renewable and affords the possibility for promotion to associate and full professor of the practice. The initial appointment is for a three-year term.
- Salary/Benefits:** A competitive starting salary will be negotiated. UNL makes available life, health, and long-term disability insurance programs as well as family coverage at reasonable group rates to the employee. TIAA/CREF and/or Fidelity Investment Fund are offered for retirement plans.
- Applications:** To be considered for the position, go to <http://employment.unl.edu>, requisition F\_170089, click on "Apply to this job", and complete the form. Then submit the AMS application cover sheet, a letter of application, a CV, at least three letters of recommendation relevant to the position (at least two of which directly address teaching), and a teaching statement using [mathjobs.org](http://mathjobs.org). If using [mathjobs.org](http://mathjobs.org) is not possible, hard copies may be sent to:
