

INTERNSHIP IN BIOINFORMATICS AT USMARC

**Thursday, March 10, at 5 pm
in Avery 108**

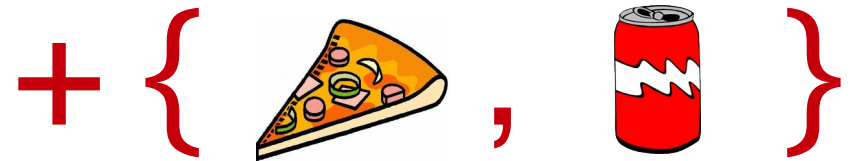

Presentation by Dr. Brittney Keel

Dr. Keel is a UNL Ph.D. Math Alumna, who is now a Research Geneticist at the US Meat Animal Research Center (USMARC). She returns to tell you about an

Undergraduate Summer Internship at USMARC!

Participants will use mathematical methods and computer programming to study genome sequences under guidance of world-renowned scientists.

Come if you are interested in bioinformatics and prospective careers in this field!

Pizza & Pop served!
