

Math 203: Contemporary Mathematics
Writing assignment rubric (60 points)

Mechanics of writing (20 points).

Does the writing adhere to standards of spelling, grammar, punctuation, capitalization, sentence structure, and so forth? Does the paper follow the quality expectations for submitted work outlined in the course information sheet? Are sources cited properly?

Depth of analysis (20 points).

Is the topic covered in sufficient detail? Are ideas and concepts presented in a logical and coherent manner? Has good research been done, if appropriate? Is it evident that significant time and thought have been invested in this paper?

Mathematical content (20 points).

Is mathematical language used properly? Are mathematical facts stated correctly? Are mathematical techniques applied appropriately and correctly? Are connections made to mathematical ideas we have discussed in class? Does the paper show evidence of clear, logical mathematical thinking?
