

❖ **Accessing MathXL to do homework:**

Most students prefer to access MathXL on their own personal laptop and/or desktop computers. If you want to do this, go to [www.mathxl.com](http://www.mathxl.com) and follow the directions to disable popup blockers before attempting the homework exercises. This will be done only once—after the initial installation, you will access MathXL by entering your username and password on [www.mathxl.com](http://www.mathxl.com).

❖ **Math XL is available in all campus computer labs** on either a MAC or PC. You can use either Internet Explorer or Firefox as your browser.

- 1) The Student Computer Lab inside the SSS Offices (220 Canfield) is open from 8 a.m. to 8 p.m. Monday through Friday (closed on weekends and school holidays).  
Note: You must qualify for this program to use these computers!
- 2) The Math Dept. Computer Lab in Avery 18. Hours of operation are listed on the math website: [www.math.unl.edu](http://www.math.unl.edu). Generally, the lab is open Monday through Friday and again on Sunday—it is closed on Saturdays and UNL holidays.
- 3) The Math Resource Center (MRC) located in Avery 13B; hours of operation are also listed on the math website. In general, it is open from 12:30 p.m. to 8:30 p.m. Monday through Thursday, and 12:30 p.m. to 2:30 p.m. on Fridays. The MRC is closed on Saturdays but open on Sunday from 1 to 5 p.m.
- 4) Athletes may use the Hewitt Center Computer Lab open from 7 a.m. to midnight on Monday through Thursday and 7 a.m. to 6 p.m. on Friday. The lab is not open on home football Saturdays but when the football game is played elsewhere, the lab is open from noon to 6 p.m. Saturday and noon to midnight on Sunday.

**NOTE:** You will have to log in with your Active Directory account in order to use the software on most of these computers—logging in as guest (student) only gives you access to web browsers. If you do not yet have a UNL Active Directory account, go to this web page and create one: <http://adactivation.unl.edu/student.php>

❖ **If you need to change the spelling and/or capitalization of your name** after you have already registered for a class in Math XL:

Go to the My Courses button in the upper left corner of the screen.  
Select the Edit Account Information in the yellow box on the right side of the screen.  
Put in your login name, password and select Edit Account Information.  
Enter the correct spelling or capitalization  
SAVE your changes by clicking on the Save button (lower right corner)

❖ **If you register for the wrong section** of your class (wrong time, wrong instructor, etc.), simply re-register for the correct class and you will be automatically dropped from the old one. NOTE: your homework grades will not transfer so check before starting any homework!
