

Steps to Register in MathXL
Student Tech Support 1-800-677-6337

To install this software, you must have administrative rights on the computer. The computer must have a Windows operating system and Microsoft Internet Explorer.

1. Open Internet Explorer (IE) and type in www.mathxl.com. Save in Favorites for easy access later.
2. Click on Register/First Time User.
3. This will take you to the next page. You will need three things to proceed.
 - a) a valid email address
 - b) your exact course name from #5 below
 - c) a student access code from your MathXL Student Access KitGo to bottom of the page where it says "Ready To Register" and click Next.
4. You will now enter your Access Information.
 - a) Choose "No, I am a New User".
 - b) Access Code: This is in your MathXL Student Access Kit. Tear off the peel and enter this 31-letter code (not case specific).
 - c) Next you will enter your School Zip (68588) and Country (choose United States from the pop up menu). Click Next.
5. Now you will select the appropriate course name from the list. Your Course Name should have this format: **F 09 MA 101** (time of day your class meets) (days of week your class meets) (your instructor's name). When you are finished, click Next.
6. Now you will enter Account Information.
 - a) Enter your Last Name, First Name, and your Email Address.
 - b) Select UNIVERSITY OF NEBRASKA LINCOLN from the pop up menu.
 - c) Now choose a Login Name and Password. You **must** remember this information since this is how you will login each time you use MathXL.
 - d) Select a Security Question from the drop down menu, type in Your Answer, then click Next.
7. Confirmation and Summary: You now have access and may login. Click on Log in Now. Enter login name and password. It will say "Welcome ..." and list the course you are taking. Click on this course.
8. The Home Screen should show a copy of your textbook's cover and any announcements for your course by your instructor. Install any media plug-ins you may need and disable popup blockers. When finished, close the window if it does not close automatically.
9. Reopen www.mathxl.com. Choose Login, and on the next page type your personal login and password. Click on the course you are taking and begin to work on the homework. Due dates are listed on the calendar provided.

NOTE: If you have problems registering for XL and/or accessing the homework, call the student support line (1-800-677-6337) and/or contact your instructor immediately.
