

Warmup Problems: Section 1.1 #2,3,4,5,7,10,14. Do not write up! These are easier or shorter problems intended to check understanding of concepts.

Other Problems: Section 1.1 #18,26,27,28,32,34,35,37. Do not write up! Think about some that look interesting, as time permits. These may be easier or harder than the written problems.

Written Problems: Do five of the six problems below. Start work early; the problems take time. The homework is intended to help students become comfortable using the ideas from the course.
