JOURNAL IV

We need to, as a class, decide what chapter we will cover for the final quiz in the course. We discussed approval voting briefly in class and that will be the system we use to decide on a chapter. So, vote for any and all chapters that you approve of us covering in class. Justify all of your choices. You may approve of as many chapters as you like. Remember that by not voting for a particular chapter, you are in essence disapproving of that choice. Make sure that if you vote for less than three chapters, you justify your non-votes in addition to your votes (so that there are at least three justifications in the journal entry).
